

Rooftops Quilt Pattern

by Amy Sinibaldi of nanaCompany (www.nanaCompany.typepad.com)

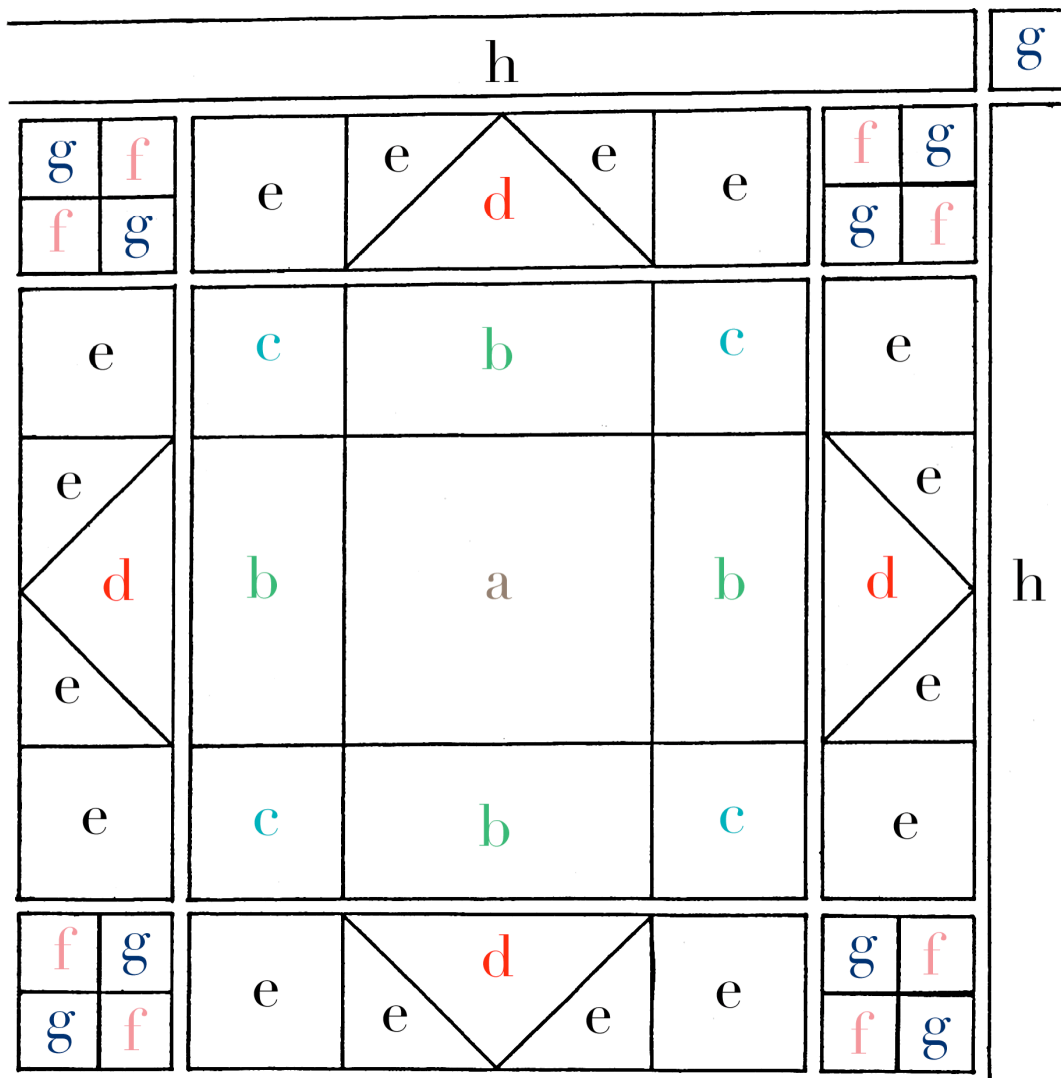

See finished quilt pics here: <http://nanacompany.typepad.com/nanacompany/2015/03/bon-bon-bebe-free-quilt-pattern-and-fabric-giveaway.html>

-Finished quilt size approximately 42" x 42"

-Please use scant 1/4" seams. I pressed all my seams open, although that's just my personal preference.

You'll need:

- 1 1/4 yard of Linen White solid
- 1 fat quarter of Denim blue solid
- 1 1/2 yards of assorted prints
- Backing and batting, each at least 44" x 44"
- Binding, at least 185"

Individual blocks should measure approximately 12 1/2" square (not including sashing h)

Cutting:

a - cut nine 4 1/2" squares for block centers

b - cut thirty-six 4 1/2" x 2 1/2" rectangles

c - cut thirty-six 2 1/2" squares

d - cut thirty-six 4 1/2" x 2 1/2" rectangles for "roofs"

e - cut one hundred forty-four 2 1/2" squares of Linen White solid

f - cut seventy-two 1 1/2" squares

g - cut seventy-six 1 1/2" squares of Denim blue solid

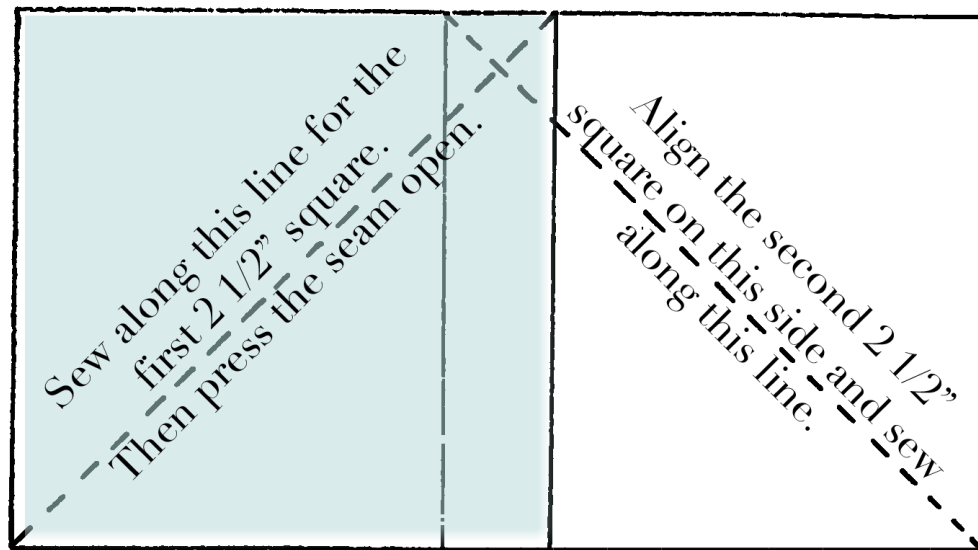

h - cut twelve 12 1/2" x 1 1/2" strips of Linen White solid for inner sashing

+ cut four wof x 2 1/2" strips of Linen White solid for outer sashing

Before cutting please NOTE: for the f/g blocks, instead of cutting all those 1 1/2" squares, it's better to cut three wof x 1 1/2" strips of fabric from fabric "f" and fabric "g". Sew one strip of "f" to "g", right sides facing. Press open and then cut into 2 1/2" x 1 1/2" two-patch pieces. Sew two of these pieces together to create your f/g four-patches. You'll need a total of 36 four-patches. You'll need only four individual 1 1/2" squares of the Denim blue for sashing later.

NOTE:

For the "roof" blocks, align one piece (e) 2 1/2" Linen White square to the side of one piece (d), right sides facing. Draw a diagonal line across the center of piece (e), keeping in mind you are creating a triangle point to create "rooftop" here. Sew directly on this line. Press the seam open and trim to leave a 1/4" seam. Align a second piece (e) to the other side of piece (d), right sides facing. Draw a diagonal line across piece (e) to create the triangular roofline. Sew directly on this line. Press the seam open and trim the excess fabric to leave a 1/4" seam. Tada! A Rooftop!

Overall Assembly Diagram:

- Sorry my scanner warped my single block image and I didn't know how to straighten it ☹
- Add 2 ½" sashing strips to all four outer edges of the following assembly to complete the quilt.
- Print out this page and use colored pencils to see your "Rooftops" quilt in the color scheme of your choice.
